

I. AUMAN MACHINE COMPANY, INC.

Precision CNC Machining.

I Auman Machine Co., Inc., in business for over 60 years, provides the finest in CNC Machining solutions. With a state-of-the-art facility, up-to-date technology and a comprehensive staff, Auman Machine Co. is the total solution provider to many leaders of global manufacturing.

We operate on these core values:

1. Giving the customer what they want, when they want it.
2. Believing a customer in need is a customer indeed.
3. Making it easier and more pleasant to buy from Auman Machine Co. than from our customers' own divisions.
 - a. Our customers would rather assemble Auman machined parts than their own factory's parts.
4. Completing tasks for our customers that other vendors do not want to do - making Auman a SOLUTION provider.
5. Believing "It can not be done" does NOT exist at Auman Machine Co.
6. Making good parts first, then good parts fast.
7. Perpetuating Auman Machine Co.

Service Update

In accordance with our ongoing effort to add value for our customers, Auman Machine invested in a Roamer arm laser scanning device. This provides additional inspection capabilities including:

- Casting scanning to improve layout speed and accuracy.
- Portable inspection – laser inspection while parts are in process without removing them from the machine.

We can machine anything to fit our customer's needs.
